ACADEMIC PROJECTS & ACHIEVEMENTS

Project (Online Pet Care Center)

– Developed a web-based application for an Online Pet Care Center, offering users access to pet care information, adoption services, and essential tools for pet health and wellness. The platform connects pet owners with expert guidance and provides a user-friendly interface for managing pet needs.

• Technologies used: HTML, CSS, JavaScript, MySQL etc.

• Features:

- User registration and secure login/logout system.
- Comprehensive pet care information and health updates.
- Indian dog breed (INDog) adoption platform.
- Admin panel for content and user management.
- Pet food ordering and delivery integration.
- Feedback and review system for user engagement.
